Mrs. Thrift Gives Advice on Christmas Shopping

"There are two ways of doing one's Christmas shopping," says Mrs. Thrift. "One way is to wander aimlessly around town looking. The other, and better way, is to know what you are going to look at before leaving home.

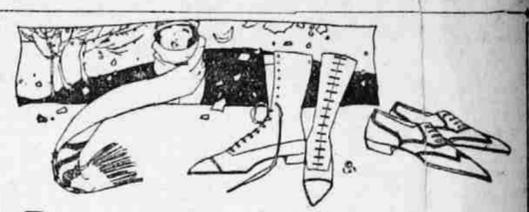

"I find it a very good plan to go over Wright's ads, item by item, to make notes of the offerings that I think will be of interest. Then to go directly and examine these items. It surely saves time as well as money.

"And when one knows that this great store is filled with nice, clean merchandise reasonably priced, why wear oneself out in looking around?"
